

The background features a repeating pattern of two types of icons: a light brown potato chip with a slight 3D effect, and a square microchip with a grid of pins around its perimeter. These icons are arranged in a staggered grid and come in various colors including yellow, blue, pink, green, orange, and red. The text "Kautenjads" is written in a large, bold, black sans-serif font, centered horizontally and partially overlapping the pattern.
